A Message From the President

Why We Appreciate You

Are you feeling appreciated? I hope so, because your passion, participation, and contributions energize our library, providing books, technology, digital resources and programs for our entire community! Because of you, our library is recognized by the Library Journal as an American Star Library. Because of you, our Library Foundation is sought after for pioneering an exemplary example of Public/Private partnerships.

NEW KID ON THE BLOCK

I am thrilled to be the new President of the Carmel Public Library Foundation. Our Board is made up of wonderful people just like you, who care about the future of the Carmel Public Library. Imagine a library that provides free services and programs for children, teens, and adults . . . forever! That's the vision of the Carmel Public Library Foundation. And that's the vision that you have helped turn into a reality.

YOU ARE INVITED

Please come and join us for our free *Community Night Programs* usually held in Carpenter Hall at the Sunset Center. This year we are excited to present topics including: John Thodos, the Architect; The Art of Natural History; Astronauts and the International Space Station; The History of the Monterey Bay Aquarium; Bees and Their Impact on Our World; Tales of Carmel by-the-Sea; John Pisto and Mushrooms; The History of Winemaking in Monterey County; and more.

YOU HELPED WITH THIS

More than 112,000 people use our library every year. Children learn about the wonder of books at the Park Branch Library. They have fun at the Summer Reading programs and activities. The Teen Room at the Main Library is a great gathering place. Adults relax with magazines and newspapers in the Barnet Segal Room. Researchers tap into the archives in the History Room. Our library is a physical hub for our community. And yet it is so much more. It provides tutoring programs for teens and book deliveries to those who can't make it to the library. It offers digital resources that can be accessed anytime, anywhere. It brings culture, learning and social interaction through free programs for the entire community.

The library is at the very heart of Carmel. And you helped with this. Thank you.

—Heather Brebaugh
